1.4 Norms for Discharge of Functions [Section 4(1)(b)(1v)]

1.4.1 Nature of functions/ services offered

- Centre's research is focused on Black Hole, Cosmology, Observational Astrophysics, Gravity, Quantum Field Theory, Statistical Physics, Complex Molecular & Biological systems using simulation & spectroscopy, Physics of Materials from nano to bulk. Over the years, Centre has transformed itself from an institution with most activities in theoretical sciences to an institution with a balance of theory, computer simulation and modern experimentation. The Centre has developed its unique expertise on Computational Material Science, Ultrafast & Time resolved Spectroscopy, Nanodevice fabrication including clean room facility, Healthcare & medical diagnostics, and Theoretical/Observational Astrophysics and High Energy Physics. The Centre foresees implementation of future plans on Multi-institutional network projects for Super Computing, Centre of Excellence on Quantum Science and Technology, setting up of Astronomical observational facility in the Eastern India, strengthening national and international collaboration, connecting to Indian Diaspora, networking with neighboring Institutes/Universities in terms of joint PhD programme and course work, and promoting Women in Science programme.

1.4.2 Norms/ standards for functions/ service delivery

- Norms and standard for various activities of the Centre are laid down by the Competent Authority. The Annual Report is prepared by the Centre and approved by the Governing Body along with audited accounts of the Centre. The Annual Report of the Centre along with Audited Annual Accounts are placed on the table of both the Houses of the Parliament.

S. N. Bose National Centre for Basic Sciences is an autonomous research centre and is a single campus entity.
